In my forwd note in regard to this temple I stated inter alia that the Govt Pro: Note held by the temple might be sold so as to make up the amount required for the repairs. The Dy Comm: of Shimoga spoke to me about it when at the time of the last Dasara and stated that it would be a pity to sell the Govt Pro: Note, that the temple was an ancient and important one and that Govt should somehow manage the sum of Rs 1395 from the

Note Continued):—

Government in their Proceedings No. 2574-5 dated 29th November 1907 sanctioned a new Estimate for Rs. 4395/- for certain repairs to the Sri Mutteharaya Swami temple at Sirkari puru, the Cost being met as follows.—

Rs. 3023-10-0 from the funds available at the credit of the temple.

" 1371-6-0 from the amount deposited in Govt of India Securities.

The Deputy Comr now reports that on the representations made by the devotees and Dharmadarsis, he inspected the temple and finds that the Estimate now sanctioned provides only for the mangalore tiled roofing for the front portion of the inner temple that the front portion outside during the Chandrasala was in ruins and

of repairs and that unless the Chandra Sala was thoroughly repaired, the work now sanctioned would be of no use. Accordingly, he states that he has requested the Ex: Engineer to prepare a revised Estimate therefor.

2/ As regards the source from which the Cost of additional repairs may be met he says that as there are no funds at the credit of the temple, the devotees interested in the Institution, propose that they would advance the required amount to the temple at 5% interest on the Condition of the principal being repaid in 10 annual instalments from the revenues of the temple and that this proposal is quite reasonable

3/ It is further stated that the pot tiles and the old materials of

Sir,

Adverting to para 3 of Government Order No.2574-5/Muz: date 29th November 1907 requesting this office to have the Governmer securities of the value of Rs.1371-6-0 belonging to Sri Huchuroy swami temple at Shikarpur, sold and the proceeds made available for other purposes of the temple, I have the honour to state that from the detailed statement of the sums invested on accour of the various Muzrai Institutions in the Shimoga District received from th Deputy Commissioner of that District in December '05, it would appear that this amount does not represent the value of one or more whole securities, held on account of this one Institution but consists of several small amounts (b) contributed, along wit similar contributions from several other institutions, to purchase a number of securities of different values as is noted in the margin. It is therefore not practicable to actually sell only that portion belonging to this institution without selling the other portions also belonging to others. But it is possibl to transfer its share in each of the securities to any other in stitution or institutions the financial condition of which per-

Sir,

With reference to Government Proceedings No. 2574-5 dated 29th November 1907 sanctioning an estimate for Rs 4395 for certain repairs to be executed to the temple of Sri Kucharopaswami at Shikarpur, I have the honor to state that the contract of the work has been given to one Salur Kucha Rao, a Dharmadarsi of the temple. On the 10th of the last month, the devotees and the Dharmadarsies of the temple brought to my notice at Shikarpur that the estimate now sanctioned provided only for Mangalore tiled roofing for the front portion of the inner temple, that the front portion outside as well as the Chandrasala were also in urgent need of repairs and that unless the latter was thoroughly repaired, the work now to be done would be of no use. I then inspected the

temple and found that their representations were well founded. I have accordingly requested the Executive Engineer to kindly prepare a revised estimate making provision for the additional items of work referred to by the devotees and shall submit the same for the sanction of Government as soon as it is ready.

2. As regards the source from which the cost of additional repairs may be met, I beg to state that there are no funds at the credit of the temple. But the devotees propose that they would themselves advance the required amount to the temple at 5 per cent interest on the condition of the principal being repaid to them in ten annual instalments from the revenues of the temple. This proposal, it seems to me, is quite reasonable and I accordingly beg you to be so good as to move the Government to kindly accord their sanction to it.

3 The pot tiles and the old materials of the building as also the unserviceable gold and silver ornaments offered as "Harike" to the temple will be sold and the proceeds utilized towards the repairs
